

SCRAPPY STAR

made by Kay Kent 2013
FUMC San Diego, CA

This is a terrific quilt to make from our Kaufmann fabric samples!

Each square is made up of two half square triangles. Use your method of choice to construct the squares. This quilt is made up of finished 6" squares, making a 48" x 60" quilt top. You may choose to make the quilt top with 5" finished squares which will allow you to border the design with a 5" border which will give you a 50" x 60" finished quilt top. The squares are made up of a dark color

with a medium color, dark color with a light color and medium color with a light color.

To make this quilt construct the following square combinations:

dark blue / light color - 12 squares

Note: the dark color can be all the same or combination of dark color.

dark blue / medium color - 4 squares

dark red / light color - 20 squares

dark red / medium color - 12 squares

Medium color / light color - 32 squares

Arrange the squares per the photo quilt or do your own thing and play and have fun!
